St. Nicholas secretly threw 3 bags of gold through a window to save 3 poor sisters from being sold as slaves. It is said that the girls found the gold in their stockings that were hung by the fire to dry!

Does St. Nicholas look like Santa?

He looks like a bishop!

He wears a **miter** on his head like other bishops.

He carries a **crozier**, a hooked staff like a shepherd's staff, reminding us that, like all bishops, he is to care for all people.
