

ST. NICHOLAS CENTER

1. Print this page on card stock
2. Cut out face, miter, sleeves, tabs, cloak, and cape
3. Use an X-ACTO or similar craft knife to cut slits along dotted lines
4. Starting with #1, insert tabs into corresponding slits; put face (#s 5 & 6) before miter's tabs (#s 5 & 9 and 6 & 10)
5. Optional: tape tabs on the back to hold securely in place (it helps to tape the face, with tabs folded in so the other tabs may be inserted in slits #5 & 6)
