

St. Nicholas Magic Dust

On St. Nicholas Eve,
when the sun goes down,
just take the magic dust
and shake it on the ground.

At dawn's early light,
get up and see
what St. Nicholas has brought
for you and me!

Directions:

- 1) Just before bedtime on St. Nicholas' Eve, December 5th, sprinkle St. Nicholas magic dust outside your door.
- 2) Shout, "Welcome St. Nicholas," and turn around three times.
- 3) St. Nicholas will see the magic dust sparkling in the moonlight and know to come to your house.

Happy St. Nicholas Day!
